## Arizona Tanka

Tanka is a short Japanese verse that contains five lines. Line 1 contains 5 syllables; line 2 contains seven syllables; line 3 contains five syllables; lines 4 and 5 both contain 7 syllables. Write a tanka about Arizona.

The form consists of a large outline of the state of Arizona. Inside the outline, on the right side, there are five horizontal lines for writing. The lines are positioned to the right of the state's outline, leaving space for the poem's text.
